Executive Director

Local Government Academy

8F Agustin I Building, F. Ortigas Jr. Rd., Ortigas Center, Pasig City

Dear **ED Vecina**,

This is in connection with the recently conducted **"2025 Training of Trainers (ToT)/Coaches Orientation on Leadership Training for the Apprenticeship Program of Local Government Operations Officers II & III"** and **"Leadership Training and Graduation for Batch 58 Apprentices of Local Government Operations Officers II & III - Certification Program"** held from **March 4-8, 2025 and March 9 to 25, 2025**, respectively, at Hotel Elizabeth, Baguio City. During our February 24, 2025 Zoom coordination meeting with your Human Resource Development Division, it was explained that the implementation of these activities will require readjustments in costs and additional requirements arose, rendering the initially downloaded funds insufficient to fully cover all program-related expenses. Subsequent adjustments were made and that the original schedule of the Coaches Orientation from February 26-28, 2025 to March 4-8, 2025 to allow time for our level to prepare procurement documents.

In light of the above, we respectfully request the release of additional funds in the amount of **Five Hundred Eighty Thousand Pesos (P580,000.00)** to enable the full settlement of outstanding financial obligations.

We trust that this request will merit your kind consideration. The additional funds will ensure that all expenses are properly accounted for and compliant with existing government accounting and auditing rules and regulations.

Thank you very much for your continued support and prompt action regarding this matter.

Very truly yours,

ARACELI A. SAN JOSE, CESO III

TITLE OF THE ACTIVITY:	2025 Training of Trainers (ToT)/Coaches Orientation on Leadership Training for the Apprenticeship Program of Local Government Operations Officers II & III

BACKGROUND AND RATIONALE

The Apprenticeship Program for Local Government Operations Officers II and III is a flagship initiative of the Local Government Academy (LGA) designed to prepare and equip new entrants with the necessary competencies to become effective local governance practitioners. Phase 3 of the program focuses on Leadership Training, which aims to develop self-leadership, resilience, and adaptability in the face of governance challenges.

To ensure the effective delivery of this module, the Training of Trainers (ToT) on Leadership Training is being conducted to capacitate trainers with the necessary facilitation skills, technical knowledge, and leadership principles. This ToT will enable participants to cascade the leadership training to LGOO apprentices effectively, ensuring alignment with the objectives of the Apprenticeship Program and the Department's core values of Matino, Mahusay, at Maaasahan.

OBJECTIVE

By the end of this ToT, participants will be able to:

1. Demonstrate proficiency in delivering Leadership Training by understanding the program structure, content, and facilitation techniques.
2. Apply leadership principles, ethical decision-making, and resilience-building in training apprentices for future governance roles.
3. Enhance skills in adult learning methodologies, coaching, and mentoring to effectively engage and empower apprentices.
4. Develop effective communication, teamwork, and conflict resolution strategies aligned with the leadership competencies required for local governance.
5. Ensure the quality and uniformity of leadership training delivery across different regions and batches of the Apprenticeship Program.

TARGET PARTICIPANTS

- Selected LGA Faculty Members and Trainers
- Regional Focal Persons involved in the Apprenticeship Program
- Experienced LGOOs (V-VIII) and Senior Field Officers
- DILG Regional Trainers who will cascade the leadership module

*LGA will identify the specific participants from CO and RO

57 Participants that will serve as Coaches
5 LAM Team of LGA

Guaranteed number of attendees is 47 which is 75% of the total number of participants.

INCLUSIVE DATE/S: (Define the duration of the activity)

March 4, 2025 (PM) – March 8, 2025 (AM)

CONTENT (As applicable)

The ToT will cover the following topics:

1. Overview of the Apprenticeship Program and Leadership Training
 - Objectives and Structure of Phase 3: Leadership Training
 - Certification System for Apprentices
2. Leadership Mastery and Ethical Governance
 - Core Values of a Public Servant: Matino, Mahusay, Maaasahan
 - Ethical Decision-Making in Local Governance
 - Understanding Leadership in a BANI World (Brittle, Anxious, Non-linear, Incomprehensible)
3. Building Resilience and Adaptability
 - Personal Leadership and Emotional Intelligence
 - Strategies for Coping with Stress and Uncertainty
 - Leadership in Crisis and Disaster Governance
4. Training Delivery and Facilitation Techniques
 - Principles of Adult Learning and Facilitation
 - Coaching and Mentoring Apprentices
 - Effective Communication, Teamwork, and Conflict Resolution
5. Workshop: Practical Training Demonstrations
 - Simulation Exercises and Peer Coaching
 - Role-playing Scenarios for Leadership Challenges
 - Feedback and Refinement of Training Approaches

The ToT will employ a combination of interactive and experiential learning approaches:

- Lectures and Presentations – For concept grounding and theoretical frameworks.
- Case Studies and Best Practices Sharing – Real-world applications of leadership in local governance.
- Workshops and Simulations – Hands-on practice in training facilitation.
- Role-playing and Peer Coaching – To enhance practical skills and mentoring approaches.
- Panel Discussions and Open Forums – Interactive sessions with governance experts.
- Self-Assessment and Reflection Activities – Personal leadership growth exercises.

MONITORING AND EVALUATION (As applicable)

To ensure the effectiveness of the ToT, the following monitoring and evaluation mechanisms will be implemented:

- Pre-Training and Post-Training Assessment – To measure knowledge acquisition and competency gains.
- Trainer Performance Evaluation – Feedback from peers and facilitators on delivery effectiveness.
- Participant Reflection and Commitment Setting – To gauge personal application of learning.
- Follow-up Coaching and Mentoring Support – To sustain learning and provide post-training guidance.

This ToT will help establish a pool of competent trainers who will effectively cascade leadership training to LGOO apprentices, ensuring a strong foundation for the next generation of local governance leaders.

OFFICE:	DILG-CAR LGCDD
TITLE OF THE ACTIVITY:	Leadership Training and Graduation for Batch 58 Apprentices of Local Government Operations Officers II & III - Certification Program

BACKGROUND AND RATIONALE

The Leadership Training forms an essential phase of the Apprenticeship Program for Local Government Operations Officers (LGOOs) II & III, established by the Local Government Academy (LGA). It is strategically designed to cultivate leadership competencies, resilience, adaptability, and ethical decision-making among new officers. Given the complex governance challenges characterized by volatility, uncertainty, and rapid changes, this program aims to strengthen the leadership capabilities of apprentices, ensuring they become effective future leaders and facilitators of local governance initiatives.

The Apprenticeship Program for Local Government Operations Officers II and III is a flagship initiative of the LGA designed to prepare future LGOOs. This annual program is open to new entrants aspiring to become LGOOs. The program has been institutionalized within the Department to cultivate future LGOOs in the field of local governance. As a knowledge-based program aimed at equipping apprentices with the necessary competencies, the program's design leverages the role of field officers as LGU coaches, who serve as the DILG's LINK (Local Governance Assessor, Integrator, Networker and Knowledge Manager) in local governments.

The Apprenticeship Program is a mandatory requirement for individuals seeking advancement to higher LGOO positions. As agreed by the Steering Committee, a Certification System will be implemented to expedite the certification of apprentices as LGOOs upon program completion. In this system, both the Region and the LGA will play pivotal roles in conducting program activities. Regions will oversee that apprentices are given prior intervention such as training, coaching and supervised field work, while the LGA will manage the written examination, assessment center, leadership training and graduation.

Phase 3: Leadership Training focuses on self-development as a precursor to assuming greater responsibilities in an increasingly BANI world, characterized by brittle, anxious, non-linear and incomprehensible factors. The module emphasizes the importance of resilience and adaptability in the face of potential disasters and crises arising from these rapidly evolving landscapes. It highlights positive behavioral attributes and underscores the apprentices' maturity levels.

The training will equip apprentices with the necessary skills to navigate challenges and make informed decisions in a rapidly changing environment. By fostering resilient leadership across various topics the module prepared apprentices for their future roles as field officers and departmental leaders.

OBJECTIVE

By the end of the program, the apprentices shall be able to demonstrate the ability to apply DILG's shared values (Matino, Mahusay at Maaasahan), towards an alliance-driven, people centric and future-ready local governance, in the context of leadership mastery and public service.

Specifically, at the end of the learning activity, the apprentices are expected to:

1. Demonstrate a spiritual foundation for leadership through ethical decision-making and the use of leadership principles while enhancing self-awareness, emotional intelligence, and personal resilience; and
2. Demonstrate effective teamwork, communication, and conflict resolution skills while identifying the essential qualities, civic responsibilities, and commitment to public service required when working with the Department and for the country.

TITLE OF THE ACTIVITY:	Leadership Training and Graduation for Batch 58 Apprentices of Local Government Operations Officers II & III - Certification Program

BACKGROUND AND RATIONALE

The Leadership Training forms an essential phase of the Apprenticeship Program for Local Government Operations Officers (LGOOs) II & III, established by the Local Government Academy (LGA). It is strategically designed to cultivate leadership competencies, resilience, adaptability, and ethical decision-making among new officers. Given the complex governance challenges characterized by volatility, uncertainty, and rapid changes, this program aims to strengthen the leadership capabilities of apprentices, ensuring they become effective future leaders and facilitators of local governance initiatives.

The Apprenticeship Program for Local Government Operations Officers II and III is a flagship initiative of the LGA designed to prepare future LGOOs. This annual program is open to new entrants aspiring to become LGOOs. The program has been institutionalized within the Department to cultivate future LGOOs in the field of local governance. As a knowledge-based program aimed at equipping apprentices with the necessary competencies, the program's design leverages the role of field officers as LGU coaches, who serve as the DILG's LINK (Local Governance Assessor, Integrator, Networker and Knowledge Manager) in local governments.

The Apprenticeship Program is a mandatory requirement for individuals seeking advancement to higher LGOO positions. As agreed by the Steering Committee, a Certification System will be implemented to expedite the certification of apprentices as LGOOs upon program completion. In this system, both the Region and the LGA will play pivotal roles in conducting program activities. Regions will oversee that apprentices are given prior intervention such as training, coaching and supervised field work, while the LGA will manage the written examination, assessment center, leadership training and graduation.

Phase 3: Leadership Training focuses on self-development as a precursor to assuming greater responsibilities in an increasingly BANI world, characterized by brittle, anxious, non-linear and incomprehensible factors. The module emphasizes the importance of resilience and adaptability in the face of potential disasters and crises arising from these rapidly evolving landscapes. It highlights positive behavioral attributes and underscores the apprentices' maturity levels.

The training will equip apprentices with the necessary skills to navigate challenges and make informed decisions in a rapidly changing environment. By fostering resilient leadership across various topics the module prepared apprentices for their future roles as field officers and departmental leaders.

OBJECTIVE

By the end of the program, the apprentices shall be able to demonstrate the ability to apply DILG's shared values (Matino, Mahusay at Maaasahan), towards an alliance-driven, people centric and future-ready local governance, in the context of leadership mastery and public service.

Specifically, at the end of the learning activity, the apprentices are expected to:

1. Demonstrate a spiritual foundation for leadership through ethical decision-making and the use of leadership principles while enhancing self-awareness, emotional intelligence, and personal resilience; and
2. Demonstrate effective teamwork, communication, and conflict resolution skills while identifying the essential qualities, civic responsibilities, and commitment to public service required when working with the Department and for the country.
